

Abstract Warm & Cool Line Designs

Medium: Colored Pencils

Objectives:

T.S.W. – Demonstrate knowledge of organic and geometric shapes.

T.S.W. – Demonstrate knowledge of overlapping, tracing, and controlled coloring techniques using colored pencils.

T.S.W. – Identify the similarities and differences of abstract and realistic artwork.

T.S.W. - Demonstrate knowledge of the language of art (description, analysis, interpretation, and judgment) by self-assessing and critiquing artwork.

Procedures:

1. Students will create a geometric or organic shape of their choice.
2. Students will trace shape three times onto square drawing paper.
3. Students will create a patterned outline following the contours of each shape using warm and cool colored crayons.

Grading Criteria:

1. Lines should be similar in width throughout artwork. Artist uses control to achieve this effect.
2. Composition should contain three overlapped shapes (the same shape repeated three times).
3. Composition should be interesting (good balance of positive and negative space).

**See general grading rubric.*
