

## Digital Coloring Pages

With the craze of adult coloring books in full swing. I thought it might be fun to give some of you early finishers a chance to do a digital coloring page. It is simple, find a page you would like, save it. Open it in GIMP and Use your paint bucket tool to fill in the spaces. Some of these pages are very complicated so you will want to zoom in on various sections before you color.

### [Coloring Pages](#)

You can play around with designing your own mandala coloring page.

[Color Mandala](#): Allows you to design and save your own unique geometric mandala.
