

Prismacolor Animals

Project Objective(s):

1. Project Objectives: T.S.W. – Demonstrate knowledge of drawing techniques using colored pencils.
2. T.S.W. – Self –assess and critique own work along with the work of their peers demonstrating knowledge of description, analysis, and judgment.

Procedures:

1. Use grid method to transfer animal photos to sketchbook. Make sure to capture an interesting composition while considering the elements and principles. Create 4 thumbnail sketches.
2. Create a rough draft sketch (practice adding value using colored pencils if time permits).
3. Create a FINAL draft drawing in pencil first.
4. Begin to add accurate color. *Pay attention to highlights and shadows captured by the light.

Grading:

Project must include:

- Accurate representation of selected photo or composition.
- Accurate value/shading techniques using colored pencils.
- Interesting composition. *Refer to general rubric.
